

**2010 NASA LAW**  
Gatlinburg

# Welcome

We hope that this workshop will succeed in being ...

*“... a forum within which the scientific community can review the current state of knowledge in the field of Laboratory Astrophysics ...”*

... benefiting NASA and the astrophysics and lab  
astro communities

# Thanks to our Sponsors

- NASA
- Oak Ridge National Laboratory
- Southeast Laboratory Astrophysics Community

# Logistics

- Continental breakfasts and lunches here at the Park Vista conference center, dinners on your own in Gatlinburg
- Posters
  - please put up your poster before today's poster session
  - the poster number is assigned in the abstract book
  - posters stay up two days (odd numbered poster presenters start by staying by your posters today, switch to even numbered posters tomorrow)
  - please take down your poster by Wednesday evening

- Speakers – before your session, please (i) load your talk in ppt or pdf onto the conference laptop (with Dave or Daniel’s help) or (ii) plug your own laptop into the switch box – sessions chair help encourage your speakers to be ready!
- Proceedings
  - All invited speakers should prepare papers of up to 8 pages
  - All contributed poster presenters should prepare papers up to 4 pages
  - The scientific organizing committee will prepare a LAW summary based in large part on the break out sessions
  - Template available through the conference website – don’t fear LaTeX, just type into the template!
  - Deadline: December 9, 2010
